DON'T WAIT.

Take Advantage of a Perrysburg
Citizen's Experience.

When the back begins to ache,
Don't wait until backache becomes
chronic;

"Till kidney troubles develop;
"Till urinary troubles destroy night's
rest.

Profit by a Perrysburg citizen's ex-
perience.

Mrs. E. Roberts, Fifth St., Perry-
sburg, Ohio, says: "One of our family
was bothered with kidney trouble for
several years and couldn't control the
kidney secretions, especially at night.
He often complained of pain in his
back. Doan's Kidney Pills were so
highly recommended that their use
was begun. Benefit was soon had and
it wasn't long before the one who
took the remedy was entirely cured."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—
and take no other.

Scientists say a man's character
can be determined by his handwrit-
ing. Therefore you'd better use a
typewriter.

With its multiplicity of govern-
ments Chicago is about as efficient as
a man with a bad case of St. Vitus'
dance.

John Warde of Westerham is gen-
erally believed to have been the fath-
er of fox hunting. He was master of
he hounds for over half a century,
and then he sold his pack for the
record price of 2,000 guineas. "This
mighty hunter," writes Gibson Thomp-
son, "died in 1838 at the ripe old age
of eighty-six, at his home in Charles
street, Berkeley square. One of the
portraits of him at Squerries court,
that by James Green, is in the din-
ing-room. His favorite hounds were
two, Glory and Beauty; the picture
shows him with but one, and he is
supposed to be soliloquizing: "My
Beauty hath deserted but my Glory
remains."

Fish, oysters and all the variety of
crustaceans are more expensive to
the consumer in this market than
they ought to be, says the Portland
Telegram. The supply of all of these
is practically without limit. It is
truthfully said of more than one com-
munity along the Oregon coast that
"when the tide is out the table is set,"
and that neat little epigram describes
the real condition as to the availabil-
ity of sea food if there were old-fash-
ioned competition in the business of
providing it, or at least of getting it to
market and putting it before the city
consumer.
